Dear Sirs:

Your bill of the 5th, concerning which we received a statement today, is going forward for payment this week, and you should receive a cheque not later than the early part of next week.

May I say that we are very much pleased with these casts? I saw them at the Century Club, and think them excellent. I am hoping some time to have a talk with your representative about the casting of medals-- perhaps after the first of the year rush is over, it may be possible for me to visit your plant.

Very truly yours,

Secretary.
